Match Fees: \$25.00 for each one-day competition. This fee includes the 35 rounds of CMP supplied cal..30 (30-06) M2 ball or USGI cal..30 carbine ball ammunition. This ammunition must be fired in this match. **Make check or money order payable to: Colorado Rifle Club, Inc.**

LIABILITY WAIVER: An agreement of release and waiver of liability must be signed before the match starts. Copies will be available at the match or please go the CRC web site and print a copy.

RULES: The current Civilian Marksmanship Program (CMP) Competition Rules will govern the conduct of this match.

CLASSIFICATION AND CATEGORIES: There will be no classifications and categories in this match.

AWARD SCHEDULE: There will be a Match Winner, first place, second place and third place experienced and new shooter awards. These awards are the CRC commemorative John C. Garand Match clear glass coffee mugs. They are the same as the awards as the Sporting Clay people have used. At the last Garand Match of 2003, the competitors present at the awards ceremony voted overwhelmingly to limit a competitor to winning one mug each year. Competitors must be present at the awards ceremony at the end of each match to receive an award.

The Colorado State Shooting Association (<http://www.cssa.org>) has donated a CSSA T-shirt and a CSSA baseball style cap to be awarded at each match this year. The highest scoring competitor firing a M1 Garand or a M1941 Johnson will receive a CMP 2011 John C. Garand Match T-shirt. The highest firing competitor firing a Springfield, Krag or Enfield will receive a CMP 2011 Springfield Match T-Shirt. The highest firing competitor firing a Carbine will receive a CMP 2011 T-Shirt. The CMP has donated a large number of CMP 2011 Garand and Springfield National Matches T-shirts to be awarded this year. Four or five of these T-shirts will be awarded to the next highest competitors in each match, depending on the number of competitors. Competitors must be present at the awards ceremony at the end of each match to receive a special award.

The CMP has authorized the awarding of Gold, Silver and Bronze pins of the same design as the medals awarded at the National John C. Garand Match, rule 9.2.4(4). The CMP has established guidelines for local matches using the scores for the National Medals. These are: Gold Medal, 281 & up, Silver Medal, 280-273 and Bronze Medal 272-264. These scores are intended to award medals to approximately the top 40% of the competitors. The CMP realizes that local conditions (WIND, etc.) can cause scores to be lower than at Camp Perry. Therefore CRC will use these scores as guidelines with a goal of awarding two Gold pins, four Silver pins and six Bronze pins at each match, without regard to the type of rifle fired or new/experienced shooter status. The number of competitors at each match will also be a determining factor in the number of pins awarded. Competitors must be present at the awards ceremony at the end of each match to receive a pin.

The CMP provides Certificates of Competition which will be presented to all competitors desiring them after the end of the awards ceremony. The results bulletin will be emailed after it is posted on the CMP web site (<http://www.odcmp.com/> click on Competition Tracker and the circle for Garand & Springfield Results) to all competitors who have email addresses on their score cards. The CMP Certificate of Competition can be snail mailed to competitors not staying for the awards ceremony, who so request (and if they choose to wait the four to eight weeks for the CMP to post the results, a paper copy of the results bulletin).

CMP RIFLE PURCHASE ELIGIBILITY: The CMP Certificate of Competition in one of these John C. Garand match meets the CMP requirement for proof of marksmanship participation for purchasing rifles from the CMP. Go to www.odcmp.com or call 888-267-0796 or 419-635-2141 for details.

SAFETY: Safety is paramount. Each shooter must provide eye and ear protection. Empty Chamber indicators must be used and may be borrowed for use at the match or purchased for \$1 each.

RICOCHETS: To reduce the chance of ricochets, please hang your target so that bullets hit well below the top of the backstop and avoid hitting the tires that are buried near the top of parts of the backstop. If you are shooting prone hang your target in the bottom half of the frame. If you are shooting standing hang your target so that the bullet does NOT hit the flat ground in front of the bank.

MINI-CLINIC: A short mini-clinic will be held to familiarize new shooters with safety, the match procedures and the operation of the M1 Garand rifle.

COURSE OF FIRE: The John C. Garand Match, Course A (from table 8, rule 9.2.1, of the CMP Competition Rules) will be fired at 100 yards:

Stage 1: Slow fire prone: A maximum of 5 sighting shots with coaching in a time limit of 5 minutes.

Stage 2: Slow fire prone: 10 record shots in a time limit of 10 minutes

Stage 3: Rapid fire prone: 10 record shots in a time limit of 70 (or 80 if there are bolt action rifles being fired) seconds. No alibis will be allowed.

Stage 4: Standing: 10 record shots in a time limit of 10 minutes.

The CRC Schuetzen range permits the targets to be stapled on a target frame (bring a stapler). Shooters will walk to the targets which will be pasted up after the 5 sighters. The targets will be scored and pasted up after each 10 round stage of record firing. Shooters will be responsible for scoring the target next to them. Shooters may keep their target after completion of firing.

DISTANCES TO BE FIRED: The CRC Schuetzen range will be used to fire at 100 yards.

TARGETS: The SR-1, Official 100 yard Military Target (21" X 24") will be used. Each competitor will be issued one target. They will use that target for the entire match and may keep the target after the match is completed.

RIFLES: Each competitor should provide his or her rifle which, in accordance with CMP rules 6.3.1 through 6.3.5 and 9.2.2, must be one of: As-issued U. S. Rifle cal..30 M1903, M1903A1 or M1903A3 (sometimes called "the Springfield"), U. S. Rifle cal..30 M1917 (sometimes called "the Enfield"), U. S. Rifle cal..30 M1 (called "the Garand"), U. S. Rifle cal..30 M1941 (called "the Johnson"), the U. S. Krag rifle (cal..30-40) and the U. S. Carbine caliber .30 carbine M1. Rule 6.3.2 states that Match Sponsors may, at their option, allow competitors to fire non-standard rifles. These competitors will be recorded as firing out of competition in accordance with rule 4.11 and will not be eligible to win coffee mugs, T-Shirts or CMP miniature medals. The Colorado State Shooting Association (<http://www.cssa.org>) will have several U. S. Rifle cal..30 M1 Garand rifles available for competitors to borrow to shoot the match.

AMMUNITION: The 35 rounds of CMP supplied cal. .30 (30-06) M2 ball or USGI cal..30 carbine ball ammunition provided by the CMP to CRC, the cost of which is included in the entry fee, must be fired in this match. Bring two clips or magazines if you have them. Two M1 Garand clips will be available for each competitor to borrow. These M1 clips should be returned to CRC for use in future matches. Persons firing the U. S. Krag rifle must provide their own cal..30-40 ammunition.

LUNCH: There will not be a lunch break. There should be time to eat a snack/lunch while the other relay is firing the match. Bring water to drink.

CAMPING: Overnight, self contained camping is available on the range. Camper pads with electric hook ups are available for a fee of \$5 per night. Estimate the number of days that electric hook ups will be used and include that amount with your entry fee. Refunds will be made upon request for earlier than estimated departure. There is no charge for camping on the range in locations where electric hook ups are not available. Water is available at the caretaker house located on the range facility.
